FOREWORD

For over forty-two years The CARLTON NURSERY COMPANY of CARLTON, OREGON, have been continuously engaged in the growing and shipping of high grade NURSERY STOCK to all sections of the country. Our forty-two years of continuous service enable us to supply your order with stock that is carefully dug and carefully packed. SUCCESS IN FRUIT AND NUT TREE PLANTING depends solely on the selection of CERTIFIED BUDS from trees producing quality as well as quantity and to have been budded on the proper variety of root system adaptable to certain soils. We accept that responsibility.

OUR STOCK is Cultivated—NOT IRRIGATED. The deep, rich, sandy loam of our TUALATIN VALLEY NURSERIES enable us to supply strong, vigorous trees, with highly developed root systems.

We have many old and satisfied customers in all sections of the Pacific Coast. We solicit inquiries and orders from new customers and COMMERCIAL PLANTERS. We feel CONFIDENT that you will be pleased with our STOCK and Service.
